

YOUR GUIDE  BIG ADVENTURE

Hawaii Forest & Trail is celebrating its 30 year anniversary! Rob and Cindy Pacheco started HFT with the mission to share the splendor of Hawaii Nei and inspire a deep connection with our natural world. They continue to follow this mission today by inspiring the guests to be responsible stewards of our island home. Through its l'iwi fund, Hawaii Forest & Trail supports many of Hawaii Island's non-profit organizations that are focused on conserving our natural and cultural resources. To expand upon this, Hawaii Forest & Trail will be adding new stewardship programs and initiatives to its tour offerings throughout the year. The Pacheco Family is deeply grateful for their industry and community partners as well as their guests, and valued employees, who have made it possible for HFT to survive and thrive since 1993.
